Stock or domestic allowance notification

Water Act 2000

Purpose of the form

This form is to be used by a water user to notify a resource operations licence (ROL) holder or a distribution operations licence (DOL) holder within a water supply scheme about an allowance to be made for water taken for stock or domestic purposes. This allowance would be within the water user's metered water use under the authorisation provided by section 20A of the *Water Act 2000*.

How to complete this form

State the nominated stock or domestic allowance in Part F of this form. You must provide evidence to substantiate the calculation. You may utilise the information in Part E of this form to calculate the stock or domestic allowance for each water year.

Part D Term of the agreement

You may nominate the term of agreement below.

Nominated expiry date / /

This agreement expires on the nominated expiry date unless your stock or domestic requirements change, or there is a change of ownership of all or part of the land.

Part E Stock or domestic requirements – calculation

Calculate your annual stock requirements and domestic requirements in cubic metres using the annual consumption figures specified in the boxes below. Complete box A for your stock requirements and box B for your domestic requirements. If you calculate your stock requirements or domestic requirements using consumption figures that are greater than the figures given below, please give full written details of your reasoning on a separate sheet.
