

Property Map of Assessable Vegetation (PMAV) Application Form

Vegetation Management Act 1999

Use this form to apply for a property map of assessable vegetation (PMAV)

1. Application area

List the lot on plan description of each land parcel subject to this application (e.g. lot 1 on RP12345, lot 2 RP12345)

.....

.....

.....

2. Owners' consent

If there is more than one owner of the land subject to this application (i.e. the application area as identified in section 1), each owner must complete and sign this section.

Read before signing this section

By signing this section, those signing are taken to:

- Consent to the lodgement of the application; and
- Agree that all the information entered and provided in this application, including any maps, lists or other documents additionally supplied, is correct and accurate; and
- Authorise the nominated contact person to act as such on behalf of all signatories; and
- Authorise all verbal correspondence relating to this application to be to the nominated contact person; and
- Authorise all written correspondence (including the issuing of notices to the owner/s) relating to this application to be sent to the postal address for the nominated contact person; and
- Request that the chief executive agree to make a PMAV as proposed in this application.

NOTE: if the chief executive cannot make an area a category X area as proposed in this application, notice will be given to the owner/s, via the nominated contact person, outlining the grounds for the proposed decision and inviting the owner/s to make submissions about the proposed decision.

Owner's name	Owner's signature	Date	Land parcels owned (e.g. Lot 2 on RP12345)

Attach another page if additional space is required.

<p>3. Nominated contact person</p> <p>The nominated contact person does not need to be an owner of the land subject to this application.</p> <p>All verbal and written correspondence (including the issuing of notices to the owner) will be to the nominated contact person.</p>	<p>Name of nominated contact person:</p> <p>.....</p> <p>(if a company, please provide a contact person and the company name)</p> <p>Company Name & ABN (if applicable):.....</p> <p>.....</p> <p>Postal address:</p> <p>..... Phone number:.....</p> <p>..... Mobile number:</p> <p>..... Fax number:</p> <p>.....</p> <p>I accept that I will act as the nominated contact person on behalf of the owner(s) referred to in Item 2: Signature of nominated contact person:</p> <p>.....</p> <p>Date:</p>
<p>4. Type of application</p> <p>Specify whether you are applying for a PMAV to correct an obvious map error</p>	<p><input type="checkbox"/> Option 1: PMAV – an application fee is required</p> <p>Please select the type of paid PMAV you are applying for</p> <p>➤ <input type="checkbox"/> If the PMAV is to modify the vegetation category areas (i.e. Categories B, C, R and X) or the regional ecosystems mapped on your property, you must provide sufficient supporting information to meet legislative requirements and complete section 6.</p> <p><i>For example if the PMAV is:</i></p> <ul style="list-style-type: none"> • to make changes to mapped vegetation boundaries; • to map the vegetation on your property at a finer, property specific scale (for example 1:25,000 instead of 1:100,000) The vegetation category areas and the scale of the PMAV will be based on the supporting information you provide <p><i>For Category B, C and R areas, you may ask us to show the boundaries and the regional ecosystem codes for each regional ecosystem in the area.</i></p> <p>➤ <input type="checkbox"/> If the PMAV is simply to show the vegetation category areas (i.e. Categories A, B, C, R and X), as shown on the Regulated Vegetation Management Map, no supporting information is required.</p> <p><input type="checkbox"/> Option 2: Correct Obvious Map Error – no application fee is required</p> <p>This option applies if on the ground, an area mapped as Category B, Category C or Category R on the Regulated Vegetation Management Map <u>clearly does not contain any native woody vegetation.</u></p> <p>Any areas subject to a correction under this option will be shown as Category X on the PMAV. All other areas will remain as mapped on the Regulated Vegetation Management Map.</p>
<p>5. Already existing PMAVs</p>	<p><input type="checkbox"/> Is there an existing PMAV over the application area? PMAV Number:.....</p>

Complete section 6 if you selected 'Option 1: PMAV' at section 4 and wish to modify a vegetation management map.

6. PMAV supporting information

You may wish to discuss the supporting information requirements with your local Natural Resource Management Officer:
Go to www.dnrm.qld.gov.au or phone 13 58 34

Required:

1. Provide information that defines the boundaries of the vegetation category areas (i.e. B, C, R and/or X) you are propose

Option 1—Supply a map showing:

- i. The vegetation category areas and the boundaries of the areas proposed for the PMAV; and
- ii. A description of the boundaries of the areas by reference to Map Grid of Australia 1994 coordinates and zone references for the areas.

OR

Option 2—Supply a map showing:

- iii. The vegetation category areas and the boundaries of the areas proposed for the PMAV; and
- iv. Five or more points that correspond to identifiable fixed features; and
- v. The Map Grid of Australia 1994 coordinates and zone references for each point, acquired by GPS or similar system of satellites that receives and processes information; and
- vi. A description of the feature that each point represents.

OR

Option 3—Provide a dataset, which can be used in a Geographic Information System, showing the vegetation category areas and the boundaries of the areas proposed for the PMAV.

If you propose to show regional ecosystem codes and boundaries on the PMAV, please also include this information on your map or with your dataset.

AND

2. If you are proposing to change the vegetation boundaries shown on the Regulated Vegetation Management Map, please attach information to demonstrate that the proposed boundaries are accurate. Suitable information may include valid clearing permits, site photographs taken at recorded GPS locations, aerial imagery or Google Earth screenshots with boundaries shown, flora and vegetation structure assessments.

AND

3. If you are proposing to change the regional ecosystem/s described for an area, please attach information to demonstrate that the vegetation's floristic composition and structure is consistent with the proposed regional ecosystem/s. Suitable information may include photographs of identified tree species (with corresponding GPS coordinates) and a description of the land zone and soil type of the area.

7. Information Privacy Statement

This information will be used in accordance with the Department of Natural Resources and Mines (DNRM) *Information Privacy Plan* which can be found on the department's website: www.dnrm.qld.gov.au
